SUMMARY

Computer Science undergraduate (CGPA 9.7/10.0) with backend engineering experience at **WhatBytes**, building scalable REST APIs and data services with **Django REST Framework, FastAPI, and PostgreSQL**. 2nd Runner-Up at the MongoDB National Hackathon and active open-source contributor with **7 merged pull requests** across Oppia Android and freeCodeCamp.

TECHNICAL SKILLS

Languages:	Python, Java, Kotlin, SQL (PostgreSQL)
Backend & APIs:	Django REST Framework (DRF), FastAPI, Flask, REST APIs, Microservices
Databases:	PostgreSQL, MongoDB Atlas (Vector Search), Redis, Cloud Firestore
Machine Learning:	RAG Pipelines, Vector Search, Scikit-learn, OCR
Tools & DevOps:	Git, GitHub Actions, Docker, Linux, Postman

EXPERIENCE

Backend Developer Intern — WhatBytes

June 2026 – September 2026

Fleet & Operations Management Platform

Hyderabad, India

- Built production REST APIs using **Django REST Framework (DRF)** and **PostgreSQL** for operations tracking, handling trips, fuel logs, and driver attendance.
- Implemented **Role-Based Access Control (RBAC)** across **6 user roles** (drivers, supervisors, admins) with JWT authentication and OTP-based verification.
- Added **GPS geofencing** for site attendance and breakdown dispatch workflows; authored **12+ database migrations** on PostgreSQL for relational schema updates.
- Optimized database indexing and queries, eliminating N+1 queries and improving API response times by **35%**.

AI / ML Virtual Intern — Infosys Springboard

September 2025 – November 2025

Automated Identity Verification & Document Tamper Detection System

[Repository](#) ↗

- Built an automated identity verification pipeline using **Tesseract OCR** and **Scikit-learn**, achieving **85% classification accuracy** across 200+ identity documents.
- Developed image preprocessing filters to flag forged text and layout anomalies, cutting manual document review time by **60%**; deployed model inference via **Flask REST APIs**.

PROJECTS

CompanyMind — Enterprise Semantic Search & RAG Platform

[GitHub](#) ↗ | [Live Demo](#) ↗

FastAPI, MongoDB Atlas, Groq Llama 3, Vector Search, Python

2nd Runner-Up (National Hackathon)

- Built a hybrid semantic search engine over **2,000+ documents**, combining MongoDB Atlas Vector Search and full-text indexing for contextual enterprise search.
- Developed a streaming RAG pipeline using **FastAPI** and **Groq Llama 3** with Server-Sent Events (SSE), achieving cached query responses under **1ms**.

Assistly — Community Assistance & Volunteer Coordination Platform

[GitHub](#) ↗ | [Live Demo](#) ↗

Flask, React.js, Cloud Firestore, JWT Authentication, Multi-Role Access

Web App

- Built a community emergency coordination platform serving **100+ active users**, featuring JWT authentication and role-based access for requesters and volunteers.
- Integrated Cloud Firestore real-time listeners for live request dispatching and status updates across client dashboards.

OPEN SOURCE CONTRIBUTIONS (7 MERGED PRS)

Oppia Android — CLAM Team Contributor

6 Merged PRs: [#6450](#), [#6454](#), [#6198](#), [#6175](#), [#6144](#), [#6121](#)

- Added lesson version compatibility validation to the **Bazel CI & GitHub Actions** build pipelines.
- Wrote Kotlin unit and UI test suites using **Robolectric** achieving **98% branch coverage** for audio language selection and localization across **6 merged PRs**.

freeCodeCamp — Global Curriculum Contributor

[Merged PR #63866](#) ↗

- Authored interactive Java OOP curriculum modules (inheritance, interfaces, polymorphism) deployed to **10M+ learners** on freeCodeCamp; reviewed and merged by core maintainers.

EDUCATION

KL University, Hyderabad

Bachelor of Technology in Computer Science & Engineering

2024 – 2028

CGPA: 9.7 / 10.0

FIITJEE Junior College, Hyderabad

Board of Intermediate Education (Class XII)

2022 – 2024

Percentage: 91.5%

ACHIEVEMENTS & CERTIFICATIONS

2nd Runner-Up (Top 3 Nationally out of 10,000+) — MongoDB Smart Bridge National Hackathon

[View Certificate](#) ↗

MongoDB Certified Associate Developer

[View Certificate](#) ↗

MongoDB Certified Associate DBA

[View Certificate](#) ↗

Automation Anywhere Certified Advanced RPA Specialist (GC)
